1. Claims 1-31 are still pending for examination.
2. Applicant's arguments, see the applicant's remark, filed 3/21/05, with respect to the rejection under 35 U.S.C. § 102(e) have been fully considered and are persuasive. Thus the rejection under 35 U.S.C. § 102(e) as being anticipated by Kronz of the previous office action has been withdrawn. However, those claims 1-31 are still rejected under 35 U.S.C. § 103(a) as being unpatentable over Kronz in view of Ross. Those two references have been used in the previous office action. The rejections are respectfully maintained and incorporated by reference as set forth in the last office action.
3. Applicant's arguments filed 3/2/05 with respect to claims 1-3 have been fully considered but they are moot in view of the withdrawal of 35 U.S.C. § 102(e). Moreover, in the remark applicant argued that Ross fails to teach or suggest to one of ordinary skill in the art to modify Kronz to encode data into the iSCSI over TCP/IP protocol as a second protocol for transmission of data. In reply, assuming arguendo that Ross does not suggest to one of ordinary skill in the art to modify Kronz to encode data into the iSCSI over TCP/IP protocol as a second protocol for transmission of data. Examiner takes an Official Notice that such conversion the format between two difference protocols is so well in that art at the time the invention was made.
4. A shortened statutory period for response to this action is set to expire 3 (three) months and 0 (zero) days from the mail date of this letter. Failure to respond within the period for response will result in **ABANDONMENT** of the applicant (see 35 U.S.C 133, M.P.E.P 710.02, 710.02(b)).
